

Elected Member Workshop

# Local Government Conference 2023

23 February 2023,  
Silverbirch Hotel, Omagh

As part of the Local Government Conference 2023, elected members will have the opportunity to participate in a workshop and learning session after the end of the main conference.

Delivered in partnership with the National Association of Councillors, we will discuss the findings of a new report into the abuse and harassment of councillors in Northern Ireland. We will then hear from experts in the PSNI and Inspire Wellbeing on how to protect your welfare and your mental health and to keep yourself safe in your role.
