# NILGA Leadership Development Programme for Councillors 2025

## What is this programme about?

The NILGA Leadership Development Programme provides a unique training and development experience for councillors in Northern Ireland to help them address the challenges of their role.

The programme is based on a tested and highly accessible model, which helps councillors to improve their understanding of:

- **Context:** how to adapt their leadership styles and practices to the context and challenges of their own place, people and systems.
- **Theory:** what knowledge, skills and capabilities they need to be effective, based on rigorous conceptual and theoretical frameworks.
- **Practice:** how to increase their personal resilience and improve their practical response to challenges.

The programme therefore enhances councillors' strategic leadership and decision-making skills, making more effective their Council role, community champion activities and 'personal brand'.

## How will this programme benefit me?

The programme will help you to develop the practical skills necessary to be a more effective councillor, to highlight what roles you currently play and should look to play in the future, and to overcome the major challenges and barriers you face in playing these roles.

You will have the chance to catch up with the latest thinking on local government leadership and to develop new approaches to your work as a councillor.

The Programme is deliberately ambitious – it aims to enable you to take a strategic approach to identifying, balancing and addressing the needs in your local area and making more effective use of the assets of local residents, community groups, local business, your political party (if you belong to one) and the Council.

The programme is also designed to help you to deal successfully with the operational problems faced by your constituents. Case studies and discussions with visiting speakers who have directly relevant experience of the issues will introduce new approaches, so that you are assisted to think and act differently and have more impact in tackling the problems you face. Finally, the programme is CPD-accredited, so upon completion you will accumulate CPD credits to demonstrate your achievement.

### **What other participants have gained**

NILGA believes this programme brings major benefits for all participants. And previous participants agree here are some comments from councillors who participated in previous programmes:

“The programme has been brilliant from start to finish, I have learnt a lot from it and from that learning I can actually make better decisions and get more involved in my role as a Councillor as I no longer shy away from the big decisions.”

“The use of data sources and the approach of identifying key skills in people where I do not have the strength in such. Also, the continual developing and learning in myself has been a great asset in both council and my professional role.”

“I found the course informative, and it helped me to understand my role as a Councillor and leader in my community. It was also really good to hear experiences and tips from Councillors in other areas.”

“... pushed me to make me even more self-aware ..., especially of my leadership style and how best to utilise this in different groups and situations. Particularly the power of influence and not control!”

“As a newly elected councillor I am still very much learning in the role. Content in the Programme helped me gain a better understanding of process and how to achieve outcomes.”
